

LOCAL CHINESE MAY JOIN ARMY

Oakland's Chinatown is excited today by the possibility of its young men joining an all-Chinese regiment for service overseas. That the subject has entered the Chinese quarter's public life is undoubted, and hundreds of young men, American born, are considering their active entrance into the war. Several Oakland Chinese have joined the Officers' Reserve Training camp at the Presidio. It is probable that these officers may be utilized to command the unit, should it be formed.

In New York City the military services of 1,600 Chinese, residing in the Oriental quarter, have been offered the United States government by Tien Tzu, a student at Columbia University, and exiled son of the late General Huang Sing, leader of the Chinese revolutionary army in 1911.

In a letter to President Wilson, Tien told the American nation that he and 1,600 more native-born and American-born Chinese were willing to fight for the cause of democracy. Under his direction, 500 Chinese in New York have been drilling for three months. This work has aroused compatriots in other large American cities that he expects several more regiments to be formed. He has several years' of military training. A price was placed on his head at the time he fled China.

Mayor's Beauty Title Is Secure All Other Aspirants Surrender

The departure of the Ad Men from Oakland has not in any manner dimmed the pulchritudinous standing of Mayor David L. Davis. The other aspirants of the beauty title have been discovered by the convention delegation as the handsomest mayor on the coast. On the contrary, it is considered a surprise in many quarters, and more or less of a shock to certain local personages who have been counting the spoils for some time.

The new angle to the affair is the discovery that deep in the breasts of many of Oakland's prominent citizens, has been locked the conviction for some time that Mayor Davis is not only the handsomest man in the city as well. That the chief executive's standing has not become a matter of current gossip has been due to his distaste for publicity. Those who believed this additional honor should be accorded him, but they were not sure of respect to his wishes.

SECRET IS OUT.

Now, however, the secret is out. Like King Alfred, Mayor Davis learned of the truth when the wind whispered abroad. Mayor Davis has been found out. Not only has the secret been discovered, but up and down the fair Pacific been forced to take second place in the matter of personal appearance. The fact that the mayor has been crowned against the will, while the mayor leads the field with the untarnished splendor of standing the Tower of Jewels.

"Handsomeness?" said H. C. Capwell, "of course he is handsome. I have always conceded that he was the hand-

somest man in Oakland. Of course I am pretty close to him—right next door in fact—but there is no question about it."

TO THE RESCUE.

A S. Lavenson went to Mayor Davis' residence the minute there was any intimation that Postmaster J. H. Rosborough or any other citizen of Oakland dared enter competition with the city's most representative official.

"Personally, I think Mayor Davis is the best looking mayor Oakland ever had," said Lavenson.

Postmaster Rosborough was speechless when asked for his opinion on mayoral handsomeness.

"I have nothing to say," he said.

"I can't."

Joseph H. King, president of the Oakland Chamber of Commerce, declared that there was absolutely no use in trying to get anybody to touch the mayor's standing as a good looking citizen.

"He is the best looking mayor we have had since I have been in the city," said King. "I pass over the city hall in an airplane once in a while and he is just as good looking from 5,000 feet in the air as from on the ground."

NO QUESTION.

J. R. Miller of the California Cotton Mills dusted off his pet dictionary when the Editor of the mayor's beauty came up for discussion, and then relapsed into hyperbole.

"I can't do the subject justice," he said. "When it comes to real, downright handsomeness, Mayor Davis is unequalled, unequalled and unparalleled. He should have the heavy-weight beauty belt without question."

LOCAL CANNERIES ARE UNDER GUARD

(Continued From Page 1)

At the point of revolvers they held the strikers at bay until reinforced men came. The crowd then broke and fled, shouting to the canneries employees to come out and join them, and surging back and forth near the buildings of the main plant.

Inside the women screamed, several fainted and became hysterical in belief that the place was about to be stormed. The arrival of additional police resulted in the delegation being rounded up and sent back to San Francisco on the next train. Many of the crowd were women.

The Griffin-Skelley company anticipates little trouble in the cannery session, according to Superintendent Bogardus. The minimum wage paid for unskilled labor, he declared, was \$2.50 for a ten-hour day and skilled labor received a higher rate. Leaders of yesterday's demonstration declared that they wanted 25 cents an hour for eight hours and time and a half for overtime. At the present time they declare workers are compelled to work without additional pay for overtime.

MORE POLICE.

Following the attempt of a mob of strikers to break through the gates of the Griffin-Skelley cannery at the foot of Hallock street yesterday afternoon and the receipt of information that all national guard troops now guarding industrial plants are to be removed on August 1, Chief of Police Walter J. Petersen this morning appealed to the city council for an immediate increase in the personnel of the department. To further guard against any demonstration such as that of yesterday, he placed special detachments of patrolmen today at four of the principal canneries of the city—the Griffin-Skelley plant, the H. G. Prince plant at East Eleventh and Park streets, the California Fruit Cannery's Association at First and Filbert and the plant at Sixteenth and Wood streets.

"I do not anticipate any further trouble from the disorganized mob that came over from San Francisco yesterday," said Chief Petersen. "They were sent back so promptly that I believe that they realize that Oakland means business. As a precaution, however, I have placed special guards today at the canneries."

"A serious condition will arise, however, after August 1, when the national guard troops now guarding Oakland plants handling government commodities are to be removed. In my opinion, the police department should be immediately augmented to meet this emergency."

ASK FOR AID.

SAN FRANCISCO, July 27.—The California Fruit Canners' Association and allied cannery interests, following a meeting last night, wired Governor Stephens requesting protection for their San Francisco plant. The governor this morning sent a telegram to Chief of Police D. A. White inquiring as to whether the local authorities were unable to cope with the situation. There has been no hostile demonstration and great surprise was expressed by Acting Chief of Police Daniel O'Brien who received the message. He immediately sent a reply by wire in which he informed the governor that not only had there been no trouble, but that the police had made an adequate provision for possible emergency and had a detail of officers at both plants at which there had been a walkout of employees.

In order to prevent any further clash between strikers and employees of the two canneries of the California Fruit Canners' Association, a police guard was detailed by order of Captains Michael Carroll and Henry Gleason of the Central and North End stations respectively.

At 7 o'clock this morning Sergeant Cullinan and Patrolman James Coleman arrested Peter Dola, one of the strikers who had a loaded revolver in his possession and charged him with carrying concealed weapons. This is the only arrest made in San Francisco.

The two canneries here, the north branch, located at Hyde and Leavenworth street, and the Fontana branch, located at Francisco and Taylor streets, suspended operations today. Although only three blocks apart the canneries are in two separate police districts. Fearing possible incendiarism, a detail of four officers was assigned to each throughout the night. These were relieved by two officers at each plant at 4 o'clock this morning. The strikers gathered in little groups on the corners and there was some speech making and harranguing, but no hostile demonstration. A reserve of officers being held in both central and north end police stations in case there should be any rioting.

Acting Chief O'Brien, after being informed of conditions, ordered six additional patrolmen to duty at each of the canneries.

KICKED; TRIES WAR.

VINCENNES, Ind., July 27.—After spending a year touring Europe, during which time they visited France, Italy, Spain and Ireland, Harry Holbert and Thomas Skelton, coal miners residing at Bicknell, returned home. Both men have made three trips across the water.

Two of their voyages were made on the Tennessee and neither both sides since sent to the bottom by German submarines.

Mr. Skelton, while working in the Taumseh mine the day after his return, was kicked by a mine mule and five stitches were required to sew up the wound. He decided that inasmuch as he was able to escape bullets while in Europe, but came back home to serve as the target for a mule, it would be much safer for him to enlist. He departed the day following to join the navy recruiting corps.

DIARY DATES WIN DIVORCE FOR WIFE

Mrs. Ora Belle Wright, wife of Edwin Wright, Alameda carpenter, was this morning granted \$45 a month separate maintenance, the custody of their two minor children and was awarded their home by Superior Judge J. J. Trabucco. A cross complaint filed by the husband petitioning the court for an interlocutory decree of divorce was denied.

Mrs. Wright on the witness stand testified to acts of alleged cruelty extending over a period of twenty-nine years, giving exact dates. When asked by Judge Trabucco how she fixed the exact dates over so long a period she produced a diary in five volumes, covering more than a quarter century. Reading into her testimony extracts from the diary, Mrs. Wright uncovered the story of how spally she had watched her husband's affections transferred from herself to another woman.

A typical extract from the diary follows:

"I took a bad spell of my heart in the afternoon. Ed just cursed and swore around and did not want to get a doctor at all, but he did. The doctor gave me medicine and I got better. Ed is so mad he can't see straight because I got sick. When Mrs. — gets sick he goes down there and sits by her side and rubs her head and puts on cold cloths and talks so nice to her. He loves the ground she walks on and hates me like poison. Well, I hope he gets enough of her sometime."

The phrase "Mrs. —" was here appeared almost daily in the diary. Only five years of the diary were used by Mrs. Wright in giving her testimony in court. These included 1907 to 1911, from the time the family moved from Napa to Alameda to the day her husband left her six years ago.

The "other woman," according to the diary, was a frequent visitor at the Wrights' home and the two families were in the habit of taking outings together.

FOR MOOSE RALLY

PITTSBURG, Pa., July 27.—St. Louis was selected as next year's convention city in the business session of the Moose delegates here this afternoon.

Stomach Relieved
Digestion Aided

MR. CHAS. A. WARNER

"I want to express my thanks for the good Duffy's Pure Malt Whiskey. I have been ill for three months and said I had consumption of the stomach. I read your advertisement in the newspaper, bought a bottle, took it, and it has done me so much good I cannot praise Duffy's enough. I have taken it for three years and keep it in the house all the time. I would not be without Duffy's. I am 63 years of age."—Mr. Chas. A. Warner, Cambridgeport, Vt.

Duffy's Pure Malt Whiskey

is recommended in tablespoon doses in equal amounts of water or milk before meals and on retiring as an aid to digestion and assimilation of food.

"Get Duffy's and Keep Well"

At most drug stores, grocers and dealers, \$1.00. If they can't supply you, write us. Useful household booklet free.

CARDS COME LATE

County Clerk George Gross is at a loss to know what to do with two military registration cards that came in the mail from Yokohama, Japan, today. The registrants are two American boys now resident in Japan. Thomas Merlin Laffer Jr., former well known University of California athlete and son of a wealthy business man of Yokohama, and John Kendrick Gardner, an employee of the Pacific Mail Steamship Company who formerly lived with his parents at 1130 Shattuck avenue, Berkeley. Gross has appealed to Adjutant General J. J. Boree for instructions.

GIRL KIDNAPED, IS POLICE BELIEF

That 7-year-old Josephine Salsetta was kidnaped from Mosswood Park yesterday afternoon is the belief of the Oakland police who are scouring the city in search of the child at the request of Mrs. Arthur E. Swany of 4223 Terrace street, her temporary guardian. Mrs. Swany had taken the little girl to play in the park, and the child disappeared after she had been running about the playground for half an hour.

The child is described as having a dark complexion, dark eyes and long dark hair in a braid.

SAMMIES FREE OF MEASLES FLURRY

PERMANENT CAMP OF AMERICAN EXPEDITIONARY ARMY IN FRANCE, July 27.—A flurry of rumors and measles among Pershing's Sammies was announced under control by the medical corps today in a report showing the general health of the American fighters excellent.

American staff officers are leaving duty on trips to the front for first hand information of trench conditions and to see new arrivals in French lines.

Private Neatry, the first Sammy to be wounded, was doing nicely in a hospital today. His hand was blown off and he suffered minor scalp wounds in the explosion of a hand grenade which he was trying to open with an axe. He will be sent home as soon as possible.

PARIS, July 17.—The Sammies in France need all the good, wholesome reading matter the folks at home can send them, General Pershing declared today.

The question was put up to the American commander in chief and he not only approved plans that might be made to furnish the Sammies with good magazines and newspapers, but outlined a scheme under which he believes the work can be done effectively.

"The literature sent to France must be current—that is new magazines and

Is Lord Kitchener Alive? Question Is Puzzle in London

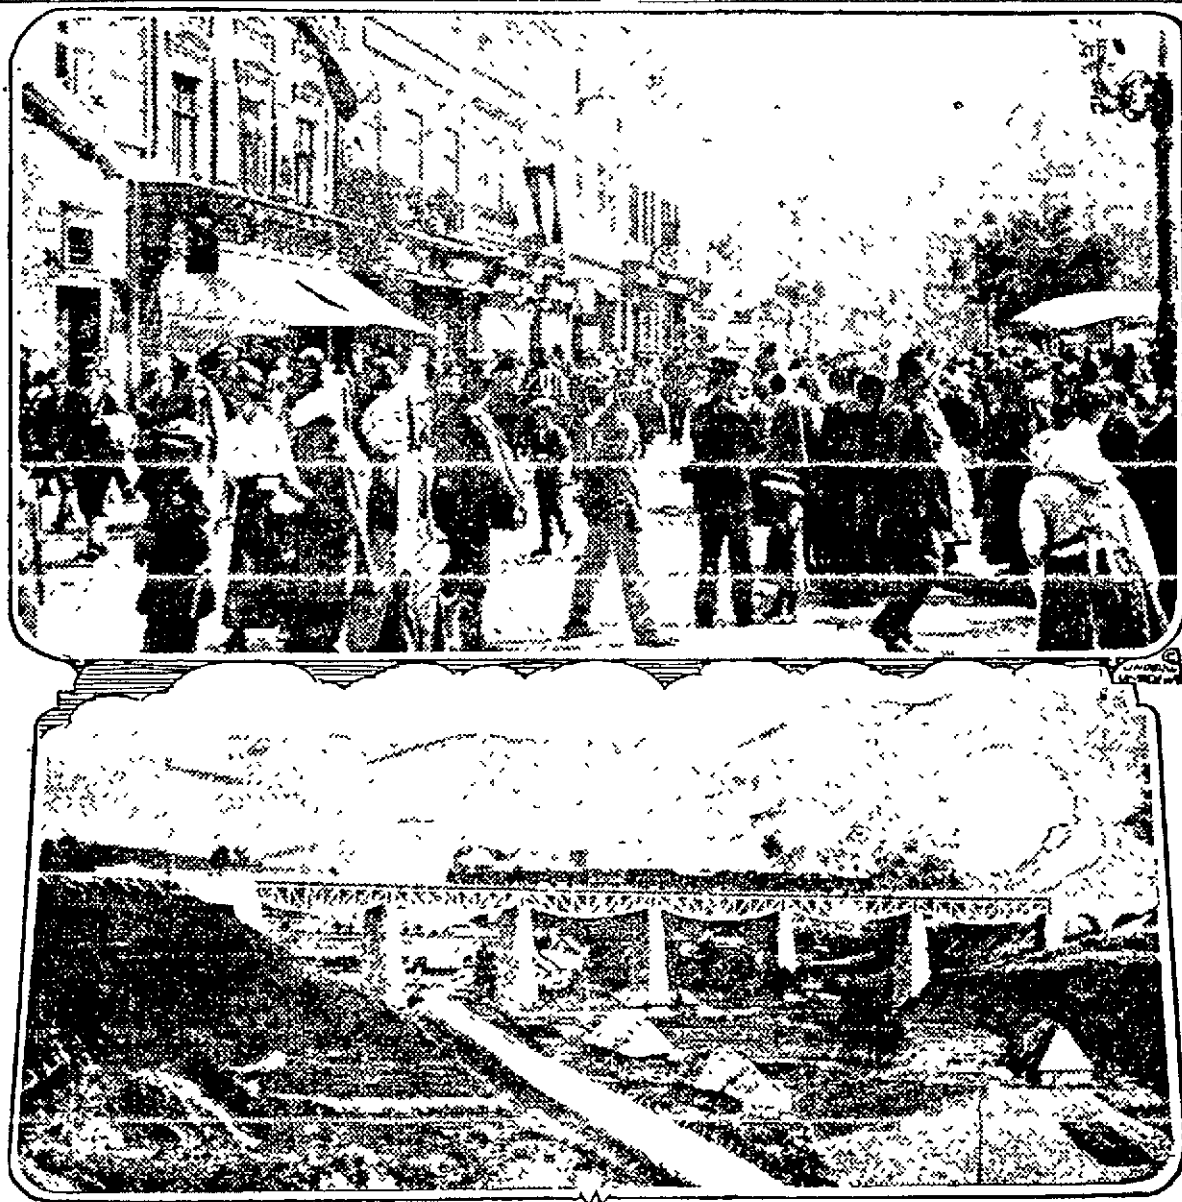

LONDON, July 27.—Is Lord Kitchener really dead? That question was raised high in the public mind today by the Morning Post which quoted Mrs. Parker, sister of the former secretary of state for war, as saying she believed he is still alive and would return some day.

leading newspapers, despatched as soon as possible after publication.

"We do not want a repetition here of what occurred on the Mexican border last year. When word was sent out that our troops appreciated reading matter well meaning people opened their garrets and dug out anything they could find in the line of reading matter. This was almost valueless. The American soldiers, being intelligent, did not crave that sort of reading. What was wanted was something up to date."

HANDBAG STOLEN
The theft of a handbag containing \$38 in coin from a bedroom was reported this morning by Mrs. L. Woodbridge of 123 Thirteenth street. Three burglaries of minor importance were reported by Mrs. A. Daltz, 706 Jefferson street, C. L. Bossieux, 189 Lake street and Crist Borgfeldt, 67 Fifty-fifth street.

On the east front, scene of Russia's great retreat: The Galician metropolis of Lemberg and the Ussok Pass in the Carpathians.

Huge Battle on West Front Is Impending

BY UNITED PRESS
LEASD WIRE TO TRIBUNE

LONDON, July 27.—A great battle may be impending today in the sea sector of the western front.

Parts of London today reported having felt the concussion of drum fire somewhere in the east that at times seemed to approach the intensity of that which preceded Field Marshal Haig's drive against Messines.

Front despatches of the last few days have indicated a fear on the part of the Germans that the British might be preparing an offensive.

The Newport sector, near the Belgian coast, was reported deluged with a hail of shells of all calibres from the German guns. To these the British made a steady, methodical return.

By Henry Wood,
(United Press Staff Correspondent.)

WITH THE FRENCH ARMIES IN THE FIELD, July 27.—Two hundred and fifty guns were massed over the two-mile front on which the German crown prince last night tried for the seventh successive night to wrest ground from French lines on the Chemin Des Dames.

It was probably the most concentrated, violent assault of all the seven days' fighting the French have withstood. Eleven German sausage balloons were sent aloft for artillery range work and German guns massed only

a few hundred feet apart on the two-mile front poured an inferno of fire on the French troops. The Germans after concentrating their effective forces, attacked with bitter desperation. The crown prince's plan of strategy this time was suddenly to transfer his attack from the east of Hurtebise to the west of that town.

REGAIN POSITIONS.
The three kilometer (two mile) concentrated attack, however, won nothing more for the Germans than the six days' battle over the five kilometer front (three and one-tenth miles).

Between Chevreux and Hurtebise today the French had regained all positions lost during the first few days of the fighting. They held completely the plateaus of Crocaine and Calornie and the casements.

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE

BRITISH HEADQUARTERS IN FRANCE, July 27.—The artillery fighting along the western front continues to grow apace, particularly in Flanders and last night was marked also by intense artillery action at various points. In one of these the British occupied LaBasse Ville, after inflicting severe loss on the Germans. This place was in process of consolidation early today. (This despatch was written before the time of the German counter attack, in consequence of

which today's official statement reports the British withdrew from La Basse Ville.)

The British also carried out a successful raid north of LeBasse road. The Germans yesterday made an attack on a small section of British trenches in the neighborhood of Honnecourt, southwest of Cambrai. A party of about 100 raiders, divided into three sections, succeeded in penetrating the front line after heavy barrage fire which worked considerable damage to a portion of the British trenches.

GERMANS TAKE KOLOMEA.

BERLIN (via London), July 27.—Near Tarnopol, in Eastern Galicia, yesterday Emperor William watched the German troops extend their gains at the Sereth Bridgehead, the War Office announced today.

The German statement says that the German troops are rapidly advancing. Troops under command of Archduke Joseph have retreated on the Rumanian front. The statement given out today by the German War Department says that the Russian retreat in the Suchitza Valley as far as the upper course of the Putna river.

The Austro-German forces are pursuing the Russians who are retreating through the wooded Carpathians in the direction of the River Pruth.

Allies to Fight Until Victors Prussianism Must Be Defeated

PARIS, July 27.—The allied powers yesterday concluded their conference, after announcing a decision to continue the war until the object for which they are fighting is attained.

Their declaration, which was made unanimously before separating, reads:

"The allied powers, more closely united than ever for the defense of the people's rights, particularly in the Balkan peninsula, are resolved not to lay down arms until they have attained the end which in their eyes dominates all others—to render impossible a return of the criminal aggression such as that whereof the Central empires bear the responsibility."

There was unanimous agreement on all decisions reached during the meetings. The ministers of the departments affected will meet in London to carry up the executive measures.

BRITAIN'S FIRM STAND.

LONDON, July 27.—The iron-bound intention of the Entente allies to fight until Germany is crushed is reaffirmed.

That is the interpretation today placed on the developments of the past twenty-four hours.

There is no thought of peace in London or Paris. That is made plain by the overwhelming defeat of Ramsay MacDonald's peace recommendation in the Commons and by the speech of former Premier Asquith, who in this instance was regarded as the spokesman of the allied governments.

Analysis of Asquith's speech established as the chief aims of the allies in their renewed determination to fight until decisive victory the following:

One—The humbling of the present

German government and the removal of the German military caste.

Two—Restoration of all the territory seized by the German allies.

Three—International guarantees that will pledge the safety of small nations in the future.

Such questions as indemnities and disarmament and the redrawing of geographical lines are to be left to the actual peace conference.

NOT READY FOR PEACE.

The House of Commons, after employing the whole evening session in a discussion of the peace resolution moved by MacDonald, Socialist and Labor member, defeated it by a vote of 148 to 19.

The announcement of the figures was received with some cheers and much laughter.

The smallness of the numbers in the house when division was taken is an indication of the little interest shown by parliament in any hope of a useful peace movement at the present juncture, and the conviction was voiced in an important statement by Asquith that nothing was to be hoped from the present temper of the German Reichstag and people.

The resolution declared that the allies should accept the Russian proposal that the forthcoming allied conference on the war aims should comprise representatives of the people and not solely spokesmen of the government.

KILLED BY TRAIN
While signaling a switching engine at the Southern Pacific yards, near Kirkham street, early this morning, J. B. Davis, a railroad employee, was run down and killed instantly. Davis resided at 714 Henry street, was unmarried and 38 years of age. The body is at the morgue.

18 ENLIST FROM STATE HOSPITAL

SAN JOSE, July 27.—At the Agnew State Hospital, 18 men have enlisted for the service of "Uncle Sam" or have already joined the colors. Supervisor Jack Darrell, Assistant Supervisor C. C. Stevens, Dennis Day and A. F. Zepf have placed their applications for the second reserve officers' camp at San Francisco, while R. O. McConnell, already a member of the naval reserve, will make an attempt to enter the same. The hospital automobile drivers, has joined the signal corps of the regular army. These include: Fred Hadden and Fred Draper, both of whom have just undergone serious surgical operations in order

To Investigate War Charities Committee Takes Over Task

Investigation of all entertainments, social functions, Red Cross benefits, ambulance unit affairs, war relief measures and charitable campaigns, whether for the benefit of persons at home or abroad, with a careful scrutiny of their finances and backing as a measure of protecting the merchants and general public against charlatanism, is being considered by the Charity Endorsement Committee, an organization of business men of this city. This action comes upon the heels of various complaints and queries that have been made in various quarters to pass the physical examinations, will enlist in the naval reserve.

MORE PHYSICIANS PLACED ON BOARDS

SACRAMENTO, July 27.—In compliance with instructions received from Governor Marshall General Crocker, Governor Stephens today appointed additional examining physicians for all exemption districts in California, except in two districts, whose quotas have been filled by volunteer enlistments. The appointments of additional physicians is necessitated by the fact that drafted men rejected by one physician or passed as the case may be, have the right to appeal and be examined by another physician.

FIRE BOMBS FOUND IN GRAIN STACK

MODESTO, July 27.—A bomb, supposedly of German make, contained in a small bottle, was found by a farmer near this city, in his haystack yesterday, and upon analysis was found to be of dangerous character. The bomb was encased in a bottle about the size of a cologne bottle with glass cap. The inside was lined with stiff cloth which had been treated with phosphorus. There was a quantity of sulphur in the bottle and in the center a vial filled with water, which a thumb tablet for phosphorus floated. If left exposed for an hour the vial would burst and the bomb shoot into flames.

PASTOR SCORES ASSOCIATES FOR LAZY PREACHING

BERKELEY, July 27.—"To preach against the dance halls without offering a substitute for them is a damnable, lazy policy of which we preachers have been guilty," declared Rev. Jonathan Day, pastor of the New York Labor Temple, in an address last evening before students of the University of California. He is speaking here under the auspices of the University Y. W. C. A. Rev. Mr. Day continued with an explanation of how the Labor Temple has attempted to solve the problem in New York by affording to 20,000 labor union members affiliated with it various forms of recreation, "of value to them but not high-brow enough to overawe them."

JAIL DELIVERY PLOT IS FOILED

ATLANTA, Ga., July 27.—Following the escape of Privates Hill and Nichols, who early today saved their way out of the guardhouse at Fort MacPherson while awaiting trial for desertion, the military authorities discovered what is believed to have been a plot for a wholesale delivery of prisoners. A search of the cells revealed more than a dozen flies and saws secreted in the guardhouse. They are believed to have been furnished the prisoners by relatives. Many of the prisoners had secured civilian clothing also.

SOLDIER IS HURT

PALO ALTO, July 27.—Ralph Watkins, a member of the military service at Camp Fremont, ran his motorcycle into a stone wall at the junction of University avenue and the state highway here yesterday and came out of the encounter with a fractured hip, a badly lacerated cheek and probably with internal injuries. He was taken to the hospital, where his wounds were dressed, and was then transferred to the camp hospital. It is expected that he will recover.

BIRTHS

GILBERT—July 25, to the wife of J. M. A. Gilbert, a daughter.

Diabetes Sufferers Should Not Give Up in Despair

Warner's Safe Diabetes Remedy has brought health and happiness to many who thought themselves beyond aid. Diabetes is a peculiar and baffling disease which the medical profession seems to be unable to accurately describe and definitely cure despite the many years of experimenting and research by foremost physicians throughout the world. Diabetes is invariably the result of impaired nutrition—this results in an excess of sugar in the blood and failure of the food to nourish, hence a gradual wasting away while eating well. Symptoms of the disease are increased thirst, excess of urine, emaciation and dry skin, often with sweetish odor. Following are a few voluntary words of praise from a man who has used Warner's Safe Diabetes Remedy with gratifying results. Perhaps you may be benefited in a like manner. I had been troubled with Diabetes for 8 years. I heard about Warner's Safe Diabetes Remedy and I tried some of it and got myself in good condition and went to work again. One man said he doctor for 2 years and that one bottle of Warner's Safe Diabetes Remedy did him more good than all the doctors. I am indebted and so thankful for your life-saving remedy that I cheerfully recommend it to anyone troubled with Diabetes and I hope this will be the cause of helping many sufferers. (Signed) James Platt, Nat'l Military Home, Dayton, Ohio. Warner's Safe Diabetes Remedy is made from a formula tried and tested and used with remarkable results during the past 40 years. As the name indicates, Warner's Safe Diabetes Remedy is absolutely safe and is made solely from herbs and other beneficial ingredients. Sold by leading druggists everywhere. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 362, Rochester, N. Y.—Advertisement.

Society

MIDGETS ARE TO STAY FOR WEEK

The wedding bells will ring right merrily tomorrow afternoon for Miss Bernadette Williams, who will become the bride of John Clinton Ernest of Sacramento. Miss Williams is one of the very fortunate girls whose marriage has neither been hastened nor delayed by the disagreement among the nations. Save in the simplicity with which the ceremony will be observed all the details of time and place have fallen out just as she planned it way along last holiday time when she announced her betrothal. The wedding will be celebrated tomorrow to our favorite evening wedding, while long ago the cost of the simple stamp of approval for the really smart service at an afternoon hour, usually about 4 o'clock. At any rate this is the time when Miss Williams has chosen to pluck her troth with the charming little chapel of St. Augustine's as the setting for the solemn nuptial rite which will be read by Father J. T. Egan in the presence of some two hundred and fifty guests.

In substitution for the here of all things who Miss Williams had dreamed would accompany her to the altar there will be her sister, Miss Lois Williams, as maid of honor. Edward Bedell will assist Ernest as best man.

The appointments at the church will differ in color scheme at least from the usual one chosen, combining an effective arrangement of pale blue and vivid yellow with the late summer's flowers contributing to the scheme to the charming motif. The same scheme will be used in the simply wrought decorations at the Williams' family residence in Ocean View drive, where a reception will follow with wedding supper. A hundred of the most intimate friends have been included in the invitation, to meet the young bride and her husband.

Miss Williams' wedding gown is an exceedingly stylish one, the shimmering ivory satin being veiled in white net. Its lines are simple and it lacks in elaborate ornamentation. The skirt is short and round. The veil will fall to its hem, held in place by a cap of seeded pearls outlined in silver bands. Butterfly orchids and lilies of the valley will be combined in the shower bouquet.

Miss Lois Williams will wear a fetching gown which has in its coloring the same tint used in the floral appointments at the church and residence. A pale yellow or gandy robe over blue with broad girde of beautiful pattern showing the lovely colors will be finished by the large picture hat of maline combining the same tones. She will carry a armful of yellow roses.

Ernest and his bride-elect will motor away on a delightfully planned honeymoon whose destination they are not confiding to anyone. Their plans are unsettled beyond their return to the Williams home, when the handsome gifts will be packed. It is possible that they may establish their residence for a time in Southern California.

Miss Williams is the attractive daughter of Mr. and Mrs. William R. Williams. Her father is state superintendent of banks in California. She is a graduate of Miss Head's in Berkeley and attended one of the exclusive private schools in the city.

Later she entered the University of California and became popular with the girls in the Omeka Nu sorority, of which she was president. Ernest gave up his university studies to go into business. He has been holding the office of secretary to the California State Automobile Association. Ernest is the son of Mrs. C. J. Ernest of Sacramento.

charge d'affaires in Montevideo. He is a graduate of the University of California with the class of 1910, later attending Oxford. He was formerly private secretary to Robert Bacon, American ambassador to France.

His promised bride is the widow of the late Viscount Ingebrig, who early in the present struggle fell in France. He was a member of the Royal Horse Guards, holding the rank of lieutenant. She is a sister of Charles Henry Alexander Paget, the Marquis of Anglesey.

Miss Virginia Osgood and her mother, Mrs. H. R. Osgood, who have been spending some delightful weeks on the Russian river are being welcomed to town.

Mr. and Mrs. William H. High, Jr. and Miss Edith High make up a congenial family party which motored this week to Brookdale, where they will spend the coming fortnight. The Highs have a charming place in the Santa Cruz mountains which is the mecca for an interesting group of the smart set through the vacation period.

Again tomorrow are the men in the officers' training camp at the Presidio to find the routine of their laborious days broken by a bit of pleasure in the large reception for which Miss Mary Phelan, sister of Senator James D. Phelan, is opening her home. It will be one of the most elaborate functions which the women of the smart set across the bay have yet offered in the delightful series, with dancing again as the diversion. Among those who will assist the hostesses will be Mrs. Denis O'Sullivan, who was the originator of the entertainments for the officers-in-the-making. A bevy of the pretty girls of Oakland's smart set who have been included in the smart list for the most of the receptions will cross the bay.

Mrs. Eleanor Martin will open her home for another smart function on Sunday with the Presidio men as her guests of honor.

Mr. and Mrs. J. Wesley Gallagher are still lingering in the McCloud region, the house guests of Mrs. Thomas Williams on her beautiful estate. Mrs. Gallagher, who will be remembered as Miss Muriel Steel of this city before her marriage of several years ago took her to the far place of the world to make her home, is a sister of Mrs. Williams and is representative of the pioneer families of the state.

To those who claim Stanford as their alma mater will the announcement of the betrothal of Thomas Angell and Miss Lenora Farrell be of particular interest. Their marriage will be a September event with the pretty young bride-elect arriving within a few weeks from Salt Lake, that the ceremony may take place in the Stanford Memorial chapel. Angell is the son of Dr. Frank Angell, dean of the department of psychology in Stanford University, of which both himself and promised bride are graduates.

The wedding will be one of the most brilliant of the earlier fall in college circles.

Miss Adele Scott will be the guest of honor on Tuesday at a prettily planned affair which will have as its hostess Mrs. Neil Cornwall. A score of intimates have been included in the invitation for the tea at the Cornwall residence in Claremont.

Announcement is made of the marriage of Ennis Woodruff and Miss Grace Scottford. The quiet wedding which took place last evening in the Alpha Delta Pi house in Berkeley was hastened by the orders which claimed Woodruff as a member of the Signal Corps. Both young people are graduates of the University of California.

NEW FIRES START
OAKDALE, Cal., July 27.—Brush and timber fires in the vicinity of Sonoma, Tuolumne county, have been raging for nearly a week, the amateur fighters no sooner getting the flames under control in one spot than the blaze started spreading in another direction. It is generally believed the fires are of incendiary origin.

The fires may account for the movement of mountain lions to the lower foothills, as this season is the first time in many years they have been seen in this vicinity. It is also believed they are looking for deer, which have been feeding closer to the floor of the San Joaquin valley than usual. Will Haslam reports seeing one only 100 yards from a motor truck in which he was hauling ore from the Gold City mine to Cooperstown.

After shattering theatrical records in Oakland the Oakland Pantages theater has made arrangements by which Singers' Midgets, the marvelous company of Lilliputian stars that have had the entire bay region talking in the past week, are to be retained for one week more.

This will positively be the last week they are to be seen in Oakland, as eastern contracts already are being invoked to take them from the coast.

Throughout the week the house has been crowded to the doors long before the show started, and long lines have besieged the box office. The second week, it is predicted, will be even bigger than the first.

The Singer midgets are the only organization of their kind in the entire world. They are a family party, formed of little men and women in the troupe, none over a yard high, their ages ranging from 18 to 43 years. Their versatility is astounding. They are acrobats, singers, dancers, animal trainers, rough riders—in fact, their ten-part act is a little vaudeville show within a vaudeville show. There is Carl Florian, singer and violinist, a yard high, 23 years old, and a musician already of more than ordinary renown. There is Carl Becker, 27 years old, who trains elephants. There is Gobbo, the comedian, 20 years old, two feet high, and Dora Vieg, the living doll, perfect proportions and rare beauty, and less than three feet in height. The little women are scarcely larger than two-year-old children, are all beautiful and perfect physically.

With the second week's stay of the midgets come new Pantages vaudeville acts. "Framed Benten," celebrated vaudeville star, never before seen in Oakland at less than 75-cent prices, will offer her latest dramatic success, and Will Morrissey, the celebrated comedian, with "Fuddy," his dog, is also booked. "Fuddy" will be a screaming Keystone and other big features.

FORESTERS' OUTING.
Under the auspices of Court Magnolia, No. 23, the Foresters of America, will enjoy their first annual outing at Idora Park Sunday. A special program of games, swimming races and dances has been arranged.

Mr. and Mrs. J. Wesley Gallagher are still lingering in the McCloud region, the house guests of Mrs. Thomas Williams on her beautiful estate. Mrs. Gallagher, who will be remembered as Miss Muriel Steel of this city before her marriage of several years ago took her to the far place of the world to make her home, is a sister of Mrs. Williams and is representative of the pioneer families of the state.

Miss Adele Scott will be the guest of honor on Tuesday at a prettily planned affair which will have as its hostess Mrs. Neil Cornwall. A score of intimates have been included in the invitation for the tea at the Cornwall residence in Claremont.

Announcement is made of the marriage of Ennis Woodruff and Miss Grace Scottford. The quiet wedding which took place last evening in the Alpha Delta Pi house in Berkeley was hastened by the orders which claimed Woodruff as a member of the Signal Corps. Both young people are graduates of the University of California.

NEW FIRES START
OAKDALE, Cal., July 27.—Brush and timber fires in the vicinity of Sonoma, Tuolumne county, have been raging for nearly a week, the amateur fighters no sooner getting the flames under control in one spot than the blaze started spreading in another direction. It is generally believed the fires are of incendiary origin.

The fires may account for the movement of mountain lions to the lower foothills, as this season is the first time in many years they have been seen in this vicinity. It is also believed they are looking for deer, which have been feeding closer to the floor of the San Joaquin valley than usual. Will Haslam reports seeing one only 100 yards from a motor truck in which he was hauling ore from the Gold City mine to Cooperstown.

After shattering theatrical records in Oakland the Oakland Pantages theater has made arrangements by which Singers' Midgets, the marvelous company of Lilliputian stars that have had the entire bay region talking in the past week, are to be retained for one week more.

This will positively be the last week they are to be seen in Oakland, as eastern contracts already are being invoked to take them from the coast.

Throughout the week the house has been crowded to the doors long before the show started, and long lines have besieged the box office. The second week, it is predicted, will be even bigger than the first.

The Singer midgets are the only organization of their kind in the entire world. They are a family party, formed of little men and women in the troupe, none over a yard high, their ages ranging from 18 to 43 years. Their versatility is astounding. They are acrobats, singers, dancers, animal trainers, rough riders—in fact, their ten-part act is a little vaudeville show within a vaudeville show. There is Carl Florian, singer and violinist, a yard high, 23 years old, and a musician already of more than ordinary renown. There is Carl Becker, 27 years old, who trains elephants. There is Gobbo, the comedian, 20 years old, two feet high, and Dora Vieg, the living doll, perfect proportions and rare beauty, and less than three feet in height. The little women are scarcely larger than two-year-old children, are all beautiful and perfect physically.

With the second week's stay of the midgets come new Pantages vaudeville acts. "Framed Benten," celebrated vaudeville star, never before seen in Oakland at less than 75-cent prices, will offer her latest dramatic success, and Will Morrissey, the celebrated comedian, with "Fuddy," his dog, is also booked. "Fuddy" will be a screaming Keystone and other big features.

FORESTERS' OUTING.
Under the auspices of Court Magnolia, No. 23, the Foresters of America, will enjoy their first annual outing at Idora Park Sunday. A special program of games, swimming races and dances has been arranged.

(Where the Shows Are Always Good)

FINDS HER CHILD

CINCINNATI, Ohio, July 27.—After a
search lasting six years, Mrs. Emma L.
Thresher, a wealthy Boston, Mass., wo-
man, has located her stepdaughter, Mrs.
Helen Thresher Hartzell, in the Long-
view Hospital for the insane in this city,
where she has been for the last four
years.Mrs. Hartzell is the wife of a son of
Bishop Joseph C. Hartzell of the Meth-
odist Church. Several months ago ef-
forts were made to annul the marriage
of Mrs. Hartzell on the grounds that she
was insane at the time of the union,
twenty years ago, but the courts de-
clined to consent.Through the activities of Mrs. Thresher,
Mrs. Hartzell was released. Mrs. Thresher
declares that her daughter never was of
unsound mind. The two left today
for Riverside, Cal.

Why You Should

Never Pare a Corn

If you are troubled with corns or cal-
louses, do not run the risk of blood poison
by paring them. Statistics show that
many deaths have occurred from this
seemingly innocent practice of paring
corns.Simply go to your druggist and get a
few cents worth of Icc-Mint, rub a little
on any painful corn or callous. Imme-
diately the pain will disappear and in a
short time the corn or callous will loosen
and lift off easily with the fingers—root
and all—leaving the surrounding skin in
a healthy, normal condition.This, together with the fact that Icc-
Mint overcomes such afflictions as
tired, aching, pulled or burning feet and
makes them cool, soft and comfortable,
is probably responsible for the hearty
endorsement given it by druggists.To rid one's feet of every hard corn,
soft corn, corn between the toes or pain-
ful callouses in such a pleasant and safe
way, makes it seem the height of folly for
anyone to pare a corn, and people are
warned to stop it.—Advertisement.Treat your beauty
fairly—keep your
skin clear with
ResinolNo matter how pretty your
features are, you cannot be truly
attractive with a red, rough,
pimply complexion. But Resinol
Ointment, aided by Resinol
Soap, will usually make poor
skins clear, fresh and charming.Resinol Soap and Resinol Ointment are
sold by all druggists. Why not try them?

ways carry it in stock.—Advertisement.YOUTH OF AMERICA
IN U. S. FOOD ARMYEight hundred thousand boys and girls,
many of them in the east bay cities,
Uncle Sam's juvenile food army, today
entered the food conservation campaign
by joining forces with the food training
camps to be held this fall in connection
with the leading fairs and expositions of
the country.This army is already at work. Its mem-
bers engaged in the canning and drying
of thousands of tons of fruits and vege-
tables which otherwise probably would
be a total waste.It is to these children that the govern-
ment will delegate the task of demon-
strating to the twenty million persons
who are expected to attend the food
training camps, practical home methods
of preserving perishable foods.The first national
interstate effort to make use of the boys
and girls of the nation in the food con-
servation campaign.

IS EIGHT YEARS OLD.

This organization, which is eight years
old, is made up of the thousands of boys
and girls' clubs, organized by and work-
ing under the direction of the Depart-
ment of Agriculture. These clubs are
located in every state and in practically
every community.The boys and girls, according to plans
worked out by the government for the
food training camps will demonstrate at
the camps methods of canning and drying
fruits and vegetables in the most effi-
cient manner.The girls, in addition, will demonstrate
methods of efficient home management,
baking, cooking, the arrangement of pre-
served food into balanced menus for the
family, and garment making.The boys will also be in charge of ex-
hibits on poultry and husbandry and
demonstrate the work with farm animals
and how to raise them.

SERIES OF CONTESTS.

These boys and girls are now being
chosen through a series of contests which
are being held in the schools, at com-
munity fairs and picnic and other public
gatherings throughout the country. The
winners will be sent to the food training
camps as the government representatives.At the camps medals and prizes will
be awarded to teams and individuals
doing the best work in delivering the
government's food messages to the people.Instructions as to the arrangement of
the exhibits at each camp have been
prepared and will be sent out immedi-
ately to the directors of the camps and
to state leaders of boys' and girls' work
who will then do an actual work of
arranging the demonstrations.SHOTS ARE FIRED
IN SEATTLE STRIKESEATTLE, July 27.—Upon the outcome
of a second conference scheduled for 2
o'clock this afternoon between relatives
of striking trainmen of Seattle and Ta-
coma and officials of the Puget Sound
Railroad Company.The success of negotiations for
mediation of the street car strike which
has tied up electric transportation in
Seattle and Tacoma for the last eleven
days.Specifically the conference this after-
noon is expected to decide upon a third
arbitrator to complete the arbitration
board to which all questions at issue be-
tween the trainmen and their employers
shall be referred. If that third arbi-
trator is agreed upon negotiations probably will
be declared off and the controversy con-
tinued.No attempt to operate cars with strike-
breakers will be made, it is understood,
until after today's conference. Arbitra-
tion is agreed upon it is expected that
striking men will return to work and operate
cars until the arbitration board finishes
its labors.The third trainload of strike-breakers
arrived here yesterday from the East,
adding 163 men to the several hundred
already assembled in the barns of the
traction company. Eleven of those who
arrived yesterday were arrested immedi-
ately as strikers, and held for the
federal authorities.Many shots were fired into the air last
night in an attempt to frighten off a mob
which gathered at the Georgetown car-
barn with stones and hurled epithets
at the guards and the strike-breakers.A boxcar filled with mattresses which
stood on a sidetrack near the barns was
fired at and its contents partly destroyed.Governor Ernest Lister came to Seattle
last yesterday for a hurried conference
with Dr. Henry Suzzalo, chairman of the
State Council of Defense; Dr. M. A.
Matthews and other local men regard-
ing the industrial situation throughout
the state.L. H. Bean, manager of the Tacoma
Railway and Power company, announced
here today that an agreement between
the railway and the striking employees
had been reached and that the car ser-
vice would be resumed in Tacoma within
twenty-four hours.

PLAN NEW COURSES

New courses are to be inaugurated
at the Neptune Beach at the Alameda
Heights school. Special rooms have
been provided for the new home
economics and manual training
courses. Principal Paul Martin states
that this term the high and low
eight, high and low seventh and
sixth grades will all be single di-
visions. The principal also announces
that piano lessons may be had. Dur-
ing vacation the school grounds have
been improved and the portables have
been placed so as to make available
every foot of playground. Tomorrow
Principal Martin is to keep his office
open at the school to receive those
who are interested and those who
wish to enroll for the coming
semester.

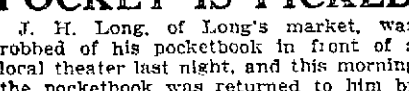

FREE TO KIDDIES

A big show on the outdoor platform on
the beach, amusement concessions, a
tug-of-war and races of various kinds
will be held at Neptune Beach in Ala-
meda tomorrow.The Alameda Neptune Beach Company
has decided to turn the park over to the
school children tomorrow. The Neptune
Beach advertisement in The Oakland
Tribune cut out and presented at the
gate will obtain admission to the park.
The concessions and amusements will be
free.The moving picture man will also be
there to take your picture and the pic-
tures that he takes Saturday will be
shown all over the country.

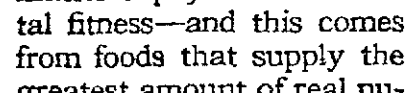

FALLS IN SLEEP

LOS ANGELES, July 27.—Manuel Sil-
ver, somnambulist, in his dreams last
night joined the national army and
transported miraculously quick.
France, was charging a German first-line
trench when enemy shrapnel exploded,
hurled him through the air. Silver
woke when he hit the wooden sidewalk
three feet below the room at East First
street here, and other roomers, awak-
ened by the crash, rushed out and car-
ried him to the Receiving hospital, where
today Police Surgeon Byron Stoney said
his chances of recovery were good.Bessie Love in
Circus Film Is a
Franklin FeatureBessie Love in Triangle Play, "The
Sawdust Ring."Life Under "Big Top" Shown in
Picture of Thrills and
Laughs.Bessie Love had just as much a desire
to join the circus and become a bareback
rider as any other boy or girl in the
United States. And she does, too. You
might say that she has more luck than
you, but don't think that. She had to do
something, for her mother was taken very
ill and sent to the hospital. Little Bessie
must go to the poorhouse, but think she
would. No, she strikes out for herself
and joins a circus nearby and is initiated
into the huge army that live under the
"big top."Thrills, laughs, and sometimes a sub-
liminal find their way in this picture, which
started its four-day run at the Franklin
Theater yesterday.On the same bill is Ella Hall as a little
Belgian orphan girl who is adopted by a
bachelor, makes his life worth living, and
brings happiness for all around her.LIGHTNING KILLS
THREE GUARDSMENST. LOUIS, Mo., July 27.—Three sol-
diers were killed and a dozen were in-
jured, some seriously, when struck by
lightning during a storm which swept
Camp Maxwell near here early today.Many of the tents in the camp caught
fire, and panic reigned among the 250
soldiers. Finally order was restored and
the work of rescuing the injured and
clearing the camp began.The bodies of the dead soldiers were
burned black. They are Sergeant H. S.
Davis, Company I, Private Dwight L.
Trump, Company F, and Private Charles
E. Carroll, Company E, First Regiment,
Missouri National Guard.

POCKET IS PICKED

J. H. Long, of Long's market, was
robbed of his pocketbook in front of a
local theater last night, and this morning
the pocketbook was returned to him by
a letter carrier who found it in a mail
box. The only thing of value, an old-
time 50-cent currency bill, was taken.
Long, who had returned from an exten-
sive trip, also carried a considerable
sum of money. This, however, is only worth two and a half cents
on the dollar and the thief did not care
for it. Harry Long, oldest son of Long,
has enlisted in Battery E.PUTTING PEP AND
PUNCH INTO THE DAILY JOB,
during the hot days is a
matter of physical and men-
tal fitness—and this comes
from foods that supply the
greatest amount of real nu-
triment with the least tax
upon the digestive organs.
Cut out meat and potatoes
and eat Shredded Wheat
Biscuit with sliced bananas,
or other fruits and green
vegetables. Strengthening
and nourishing.

Superior Quality'HOME NEWSPAPER'
IS WINNING TITLE"The Home Newspaper—The Only
Advertising Medium Giving Your
Full Message When the Reader's
Mind is Most Receptive."This is the prize winning title to
"Ket's Cartoon" which occupied the
place of honor in the newspaper sec-
tion in the advertising exhibit of the
Ad Club Convention, just closed.Twenty-five dollars in gold will be
paid to the J. T. Lemos, the writer
of the title.Mrs. Lemos is a resident of Berke-
ley, living at 1424 Stannage avenue,
and grasped the idea that "Ket" ex-
pressed with his pencil. It was the
idea that the TRIBUNE stands for
the idea of the home newspaper that
carries the message of the advertiser
directly into the home.The writer of this prize-winning
title knew just what the home news-
paper meant to her and she grasped
the idea of the Ket cartoon at once.She knew that the home newspaper
was read from the first to the last
page, that it was read by every mem-
ber of the family, and that it was
read and studied at a time when the
most could be gotten from its pages,
and she knew that these facts made
the home newspaper the ideal adver-
tising medium.She knew that she read her home news-
paper, and she knew that she knew
that what she did, thousands of
others did, and she knew that such
careful reading meant value to the
advertiser.

VALUABLE MEDIUM.

The message that the home news-
paper carried to her in its editorial,
its news and its advertising columns,
she knew it carried to others. She
knew that this fact made the home
newspaper the valuable medium to
those who want publicity.She caught the idea of the Ket
cartoon at once, and applied it to her
own case.The result was the title which she
gave the picture.The TRIBUNE is the home news-
paper of the east bay section. It
carries its messages of editorial
opinion, of world and local news and
of advertising and publicity into more
homes than any other paper circu-
lating in the east bay section. The
TRIBUNE has not only the largest
circulation of any paper of this point
of view, but it has this circulation in the
homes of the east bay section. The
TRIBUNE reaches these homes at a
time of the day when the entire
family has the time to read it
thoroughly.

IDEA OF KET CARTOON.

This was the idea of the Ket car-
toon and this was the thought that
it carried to the visitors to the ad-
vertising exhibit.The cartoon attracted much atten-
tion, and 212 titles were deposited in
the box.It took considerable time properly
to sort and examine these sugges-
tions. There were many of merit, and
the "Home" idea was the theme of
most.Honorable mention is given to the
suggestions offered by Edward Drew,
1061 East Thirty-third street, Oak-
land; Ralph G. Spencer, Mill Valley;
C. Sellman, 812 Broadway, Oak-
land; J. M. Akery, 1580 Madison
street, Oakland; R. H. Butler, 590
Thirtieth street, Oakland; Weldon
Cedarholm, 2133 Webster street.TALE OF
MYSTERY—
Lone Wolf
by Louis J. Vance(Continued from Yesterday.)
"You make me very happy," he said—
"but I'd like you to see for yourself. And
I'd be glad not to leave a foot about your
safety in my absence. As a bureau of
espionage, Popinot's brigade of Apaches
are without a peer in Europe. I'm pos-
itively going to leave you alone."She was silent.
"Will you come with me, Miss Shan-
non?"
"That is your sole reason for asking
this of me?" she insisted, eyeing him
steadily."That I wish you to believe in me—
yes.""Why?" she pursued, inexorable.
"Because—I've already told you."
"But you want some one's good opin-
ion to cherish. But why of all people,
me—whom you hardly know, of whom
what little you do know is hardly reasur-
ing?"He colored, and boggled his answer. "I
can't tell you," he admitted in the end.
"Why can't you tell me?"
"He stared at her miserably. "I've no
right. In spite of all I've said, in spite of
the faith you so generously promise me,
in your eyes I must still figure as a thief,
an impostor—self-confessed. Men
aren't remade by mere protestations, nor
even by their own efforts, in an hour, or a
day, or a week. But give me a year, if I
can't make a year in honesty, and earn my
bread, and so prove my strength—then,
perhaps, I might find the courage, the
effrontery to tell you why I want your
good opinion. Now I've said far more
than I meant or had any right to. I
am contented, pleadingly, 'you're
not offended.'"Only an instant longer could she main-
tain her direct and unflinching look. Then
his meaning would no more be ignored.
Her lashes fell, a tide of crimson flooded
her face, and with a quick movement,
pushing her chair a little from the table,
she turned away from him. But she said
nothing.He remained as he had been, bending
gently toward her, his eyes dimmed and
softened.And in the long minute that elapsed be-
fore either spoke again, both became
oddly conscious of the silence brooding in
that lonely little house, of their isolation
from the world, of their common peril and
mutual dependence."I'm afraid," Lanyard said after a time
—"I'm afraid I know what you must be
thinking. One can't do your intelligence
the injustice to imagine you haven't un-
derstood unsaid the best of all that was in
my mind and—his voice fell—"in my heart."I own that I was wrong to speak so
transparently, to suggest my regard for
you at such a time, under such condi-
tions. I am truly sorry, and beg you to
consider unsaid all the words which I have
said. After all, what earthly difference
can it make to you if one thief more
decides suddenly to reform?"That brought her abruptly to her feet,
showing him a face of glowing love-
liness, with eyes distractingly dimmed and
softened."No," she implored breathlessly.
"Please, you mustn't spoil it! You've
paid me the finest of compliments, and
now I give you a reason for—and would
I might think I deserved it! You say you
need a year to prove yourself? Then—
I've no right to say this—and you must
please not ask me what I mean—then I
grant you that year. A year I shall wait
to hear from you from the day we part,
here in Paris. And to-night I will sit
with you, too, and gladly, since you wish
me to."And then as he, having risen, stood at
loss, thrilled and incredulous, with a
hand on his forehead, she took his hand
and her hand, across the table whereon
still rested the spoils of his final coup.

"Mr. Lanyard, I promise."

(Continued Tomorrow.)

GIVES 15 SONS

CRYSTAL SPRINGS, Miss., July 27.—
"I have not one, but fifteen sons to give
to the army and navy, and will willingly
do so," said John Taylor, a farmer living
near here. He is the father of twenty-
two children. All sons will come withinthe age limit when the American forces
are called to training camps. Every one
of Taylor's sons is willing to go to the
front. Taylor, who is 50 years old, says
he will go to the front himself.

"EAT LESS BREAD"

LONDON, July 27.—The "Eat Less
Bread" campaign initiated by the Na-
tional War Savings Committee has been
quite a success. Since the inauguration
of propaganda the consumption of flour
has decreased by 10 per cent.

NEW STATE LAWS NOW EFFECTIVE

The death knell of the common drinking cup and common towel in public places was sounded today when the Jones bills, along with some 800 others, passed by the 1917 legislature and signed by the governor, became effective.

Highly important among the big lot of new laws are the marketing acts—one broadening the powers of the market director along the lines he has been following and the other empowering him to regulate the buying and selling of fish.

Also there is the law creating the state land colonization board to carry out a colonization plan backed by the state; the law providing for the regulation, supervision and licensing of real estate brokers, agents, salesmen and solicitors; the act regulating the help industry which has reached such tremendous proportions in the vicinity of San Diego and changes in the motor vehicle act.

BLOODGOOD PREPARES
Freeman H. Bloodgood, the new real estate commissioner, has already opened offices in the capitol and will be prepared to carry out the law right off the bat.

Most important of the changes in the motor vehicle laws is the "headlight" provision. It provides that headlights of motor vehicles shall give sufficient light to reveal any person, vehicle or substantial object on the road for a distance of at least 150 feet ahead of the machine. Any sufficient light illumination to reveal any person, vehicle or object ten feet ahead of the lamps and that the headlights be so constructed or arranged that no portion of the beam or reflected light when measured 75 feet or more ahead of the lamps, shall rise or be capable of being raised from the drivers seat to more than forty-two inches above the level surface on which the vehicle stands, ahead of such vehicle.

OTHER IMPORTANT ACTS
Other important laws effective today: Empowering state board of health to examine sources from which shellfish are taken.

Providing for inspection of bathing places.
Examination of plumbers.
Periodical inspection of elevators operated in places of employment.

Authorizing any county to permit construction of highway or boulevard on highways within its limits connecting with main highways of adjoining county.

Whole family protection for members of fraternal societies.
Prohibiting employers from interfering with employees purchasing in open market any property title or ownership.

Regulating possession and carrying of firearms.
Requiring the labeling of prison-made goods.

Regulation of sale of eggs which have been in transit more than thirty-one days.
Prevention of importation of transportation through the state of insects dangerous to crops.

Providing protection of beneficiaries of workmen's compensation insurance policies.
Inspection of steam boilers.
Meat meat inspection.

Continuation of social insurance investigation.
Establishment of nautical school at port of San Francisco.

Establishment of state nursery, preparatory to lining highways of state with trees.
LOAN SUPERVISION
Supervision of "industrial loan" companies.

Free textbooks for high school pupils to be furnished by districts if desired until 1920 when act becomes compulsory.
New pure milk and milk products bill, extending and strengthening old law.
Re-enactment of workmen's compensation act, making law stronger.
Standard fruit packs.

TOMMIES PROVE GRIT, PHYSICIAN AT FRONT SAYS

That the English Tommies are the best patients he has ever seen is the statement made by Dr. Don D. Weaver of the surgical staff of the Oakland College of Medicine and Surgery, and who is now serving as a surgeon in the English hospital service. In a letter written to the faculty of the Oakland college, Dr. Weaver says:

"The English Tommies are the best patients I have ever seen. Some of them—mere slips of boys—are chuck full of grit and every one of them is happy. They will look up and smile and say, 'Very well, sir,' when they are almost ready to die."

"England has certainly done her share over here. There is hardly an untouched family in England—where a son or father has not been taken—it is often the only son."

Dr. Weaver states that sunshine is being used in the big open air wards for the healing of wounds, stating that the method of treatment is to cover the wound with only sufficient gauze to keep it clean and it is then exposed to the direct rays of the sun. This greatly promotes healing, according to Dr. Weaver.

The German air raids are not exclusively those made by aeroplanes, but that Zeppelins are still being used, was further information given in the physician's letter. He told of being brought down by an English aeroplane.

MARINES WORK TO RAISE CITY QUOTA

Members of the United States Marine Corps in Oakland are working today in an effort to obtain this city's quota of the 2,000 more men desired by that branch of government service. Recruiting has set back temporarily by the report coming from Washington that men who have been drafted could not enlist in the marine service, but this found to be incorrect, and under instructions from Washington the work of obtaining the men desired is being carried on with vigor.

It is the understanding that 10,000 marines will be sent to France within a short time, and that other detachments will augment this force before long. Oakland's quota of the 2,000 men sought now is twenty-five, but the local recruiting force desires to exceed this figure.

The marines have great pride in their organization, without, however, holding disparaging views of the other branches of the government's fighting service. As indication of the high character of the Marine personnel, they point to the fact that an enlisted man, Corporal Paul Woyshner, is a sergeant who drew two of the most appealing posters that the recruiting service uses, those using the theme of Admiral Dewey's bravery to induce men to join.

Men who are of draft age have only a few more days in which to choose their branch of fighting service. When they receive official notification that they have been drafted they are barred from enlisting and must accept the assignment designated by the war department.

STAMP TAX IN MEXICO.
MEXICO CITY, July 27.—A stamp of 6 percent has been placed on all cotton goods manufactured in Mexico.

Conveying lands for army camp in San Diego.
Creation of cattle protection board.
Making women eligible for jury service by having the law read "persons" instead of "men."

Providing establishment of guaranty funds by fire insurance companies.
Extension of vocational training in schools.
State bureau of criminal identification and investigation.

Establishing institution in southern California for feeble minded and epileptic persons.

COUNTRESS NOW PLAIN 'MRS. WHITE'

CHICAGO, July 27.—The Countess Kalamazoo, well known in Chicago and New York and San Francisco, today was plain "Mrs. White." She was married yesterday to Charles E. White, wealthy board of trade broker.

Mrs. White, formerly Miss Maud Howard, was married about ten years ago to Montgomery Brvan, San Francisco publisher. She inherited the bulk of his fortune. In 1911 she married R. D. Inman, lumberman, at Portland, Ore., and was divorced a month later. About five years ago she married County Cackay, a

WAR'S VALUE ON CHILDREN GIVES NATION TRUST

WASHINGTON, July 27.—The war has placed a tremendous valuation upon American children and America must cherish these children, declared Miss Julia C. Lathrop, chief of the children's bureau of the department of labor today. She said the government must provide for the children of the land in order that they may be fit to carry on the "burden of the world," thrown upon them by the European war, which has practically robbed the European children of the present generation of their opportunities.

Cousin of Count Szecheng, who married Gladys Vanderbilt. They were later divorced.

EXPLORER TO COME BACK FROM ARCTIC

BOSTON, July 27.—Donald P. McMillan, the Arctic explorer, who has been in the Arctic country for the past four years, expects to return home by September 15 next, according to a letter dated at Etah on November 8 and received today.

"If our relief ship does not fall up a third time," the explorer writes, "I should reach home about September 15, 1917."

"Although I have had, or will have had, four years in the Arctic, yet I am not tired of it and have planned for further work."

"As you know, we failed to find Crockerland. I am sorry for Peary, who was, without a doubt, sincere in his belief that it lay some 120 miles due northwest of Cape Thomas Hubbard. We went 151 miles to make sure and then were rewarded with nothing but a clear horizon."

"Last year I reached my objective point, King Isolation Land, the tiny land of some sixty years ago, which has never been visited as far as I know. Returning, I headed for North Cornwall, which also has never been explored. En route six new islands were discovered and many miles of coast line mapped. Incidentally we picked up about fifty musk oxen and twenty polar bears. Am now planning another long trip in the spring, when completed will net me about 8000 miles of dog team work."

"We have enough food for the year, such as it is. Our supplies consist largely of beans, salt beef, dehydrated vegetables, whole wheat biscuit and pemmican. Walrus and seal meat are in cache and are on the hills. The ducks and geese will be back in May and then we shall be in the land or plenty again."

WHEAT PIT SHOWS HIGH COST CAUSE

CHICAGO, July 27.—One answer to the high cost of living was revealed today when a comparison of the opening bids today and the opening bids a year ago on the Chicago Board of Trade showed that wheat and corn have more than doubled in price.

Oats have advanced over eighty per cent and futures deliveries are more than a third higher, pork is over fifty per cent higher.

On July 27, 1916, July wheat was sold at \$1.20 1/2 a bushel; today it brought \$2.50, even, an advance of \$1.29 1/2; September wheat was up \$1.21 1/2 to \$2.22 1/2.

September corn, quoted at 78 1/2c a year ago, brought more than twice that much today. Corn for December delivery was up 47 1/2c to \$1.16 1/2.

July oats were up 35 1/2c to 77c, and oats for September delivery were quoted at 59 1/2c, an advance of 16 1/2c.

Lard was selling today at almost \$2 higher; a year ago \$12.67 1/2 a hundred pounds, today at \$24.67 1/2. Lard was over 84c higher today, the quotations being \$21.80.

The comparative table follows:

	1917	1916	1915
Wheat, July	\$2.50	\$1.20 1/2	\$1.29 1/2
September	2.22 1/2	1.12 1/2	1.11 1/4
Corn, Sept.	78 1/2	38 1/2	37 1/2
December	1.16 1/2	68 1/2	47 1/2
Oats, July	77	41 1/2	35 1/2
September	59 1/2	41 1/2	47 1/2
Lard, Sept.	24.67 1/2	12.67 1/2	12.67 1/2
Ribs, Sept.	21.80	13.45	8.45

TO BE REARRESTED

NEW YORK, July 27.—Should Alexander Berkman, Louis Kramer and Morris Becker, anarchists, convicted of conspiracy to violate the selective draft act, be admitted to bail pending the determination of the United States Supreme Court, all three are expected to be re-arrested on other charges. Berkman, editor and publisher of The Blast, is under indictment in connection with the preparation and explosion at San Francisco, and should he be granted his freedom he would be immediately re-arrested on the charge of homicide.

GET BRADY COIN

NEW YORK, July 27.—The contest of James Buchanan (Diamond Jim) Brady's will was settled out of court today.

A sum of money, said to be considerably less than \$1,000,000, was promised Daniel M. Brady, a brother, and Mrs. Harriet Mathieu, a sister, and Mrs. Mary E. McGee, a half-sister. The contestants then signed a paper withdrawing their objections.

The will will be probated on Saturday by consent.

The war had much to do with the compromise. Brady, who died worth more than \$5,000,000, left the bulk of his estate to charity.

FOOD DESTROYED

NEW YORK, July 27.—More than 100 tons of foodstuffs, valued at about \$30,000, have been condemned this week by the City Health Department, according to reports made today by food inspectors. Included in the lists were 100 bushels of wheat, 200 bushels of corn, 10,000 pounds of beef, 20,000 pounds of pork and poor transportation arrangements were given as the chief causes for food spoiling.

HE'S A MORMON?

HELENA, Mont., July 27.—The far-famed Fallon county jackass has been matched. When assessments came last year Fallon county was found to contain about one jackass. Assessment lists returned today from Sheridan county show that while the county contains 4000 sheep and 1000 lambs have been "dropped" this year, there is only one ram in the county. Assessors have named the ram "King Solomon."

DRUG DRAFT MEN

CLEVELAND, July 27.—Local federal officials today started a campaign to block the administration of drugs to render drafted men temporarily unfit to be passed for military service.

One physician and a young man for whom the physician prescribed a drug are under surveillance and officials are investigating a report that a number of other young men are taking drug treatments.

DRAMATIC PLEA MADE FOR SCOTT

SAN FRANCISCO, July 27.—Joseph J. Scott's excuse for the muddle in his office which he claims is alone responsible for his being indicted by the Federal grand jury for embezzling government money and placing the blame upon his activity in the Woodrow Wilson campaign was elaborated and almost dramatized by Attorney Timothy Healy in argument before United States Judge Frank Rudkin today. Holding out the photograph of the President which had been offered in evidence by the prosecution and which formed an important exhibit in the case, Healy began his address:

"This is a photograph of Woodrow Wilson who is serving his second term as President of the United States and he is serving the nation, the world at this time because the Democratic ticket carried the State of California by a handsome majority. And the State of California went for President Wilson for the reason, to a great extent, that the defendant Joseph J. Scott devoted to politics by far the greater part of the year 1916 to the neglect of his duties as internal revenue collector, and that neglect of his official routine was in compliance with the instructions he had received from Commissioner Osbourne, his immediate chief in Washington and from others of greater importance in the national administration.

STAND OR FALL.
"Political administration stands or falls according to the capabilities, efficiency, and astuteness of those who plan the campaign and do the actual work and the name of Scott is linked in this connection with that of the most experienced and influential men of his party.
"But jealousy intruded and hatred followed close behind, strangling friendship and breeding discord so that Scott found here a hand turned against him and there a thumb turned down. And within the circle of our local Federal brigade, he found a small number of rivals, reaching for his throat to squeeze it until he should become a political corpse and today he is politically as dead as a door-nail."

DISCUSSES EVIDENCE.
Healy dissected the evidence and pointed out that according to the theory of the defense, Scott's only error was his loyalty to the administration and his trust in his fellows.

Juice of Lemons! How to Make Skin White and Beautiful

At the cost of a small jar of ordinary cold cream one can prepare a full quart of one of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bowl containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough red hands.—Advertisement.

Every morning at 7:30 twenty of our department heads and bureau chiefs, including some of the biggest men in the government, gather on the lawn of William Kent, where under the direction of Walter Camp they go through the exercises which fit them for a day of emergency work without getting winded. Left to right, the pictures are: SECRETARY OF THE TREASURY W. G. McADOO, ATTORNEY-GENERAL THOS. W. GREGORY, ASSISTANT SECRETARY OF LABOR LOUIS POST and SECRETARY OF LABOR WILLIAM B. WILSON going through the setting up drill.

PROHIBITION IS STILL IN DOUBT

By Robert B. Smith
International News Service Staff Correspondent.

WASHINGTON, July 27.—Unless the administration puts its foot down on the Sheppard "dry" resolution and pigeon-holes it in the House, the submission of the nation-wide prohibition amendment to the states seems certain. Adoption of the Sheppard resolution by the Senate next Wednesday is assured, the "drys" say, and they back up their claim with a poll showing 66 votes pledged to the measure. The "drys" poll includes the names of a number of senators ordinarily classed as "wets" who believe it is extremely doubtful whether the prohibitionists can win thirty-six states within six years under the agreement entered into yesterday. The amendment must be ratified by three-fourths of the states in six years, or it dies. Besides they believe the Sheppard resolution furnishes a good way of getting rid of the prohibition issue in Congress, while Congress is busy enacting war legislation.

The sixty-six votes are two more than the two-thirds necessary to adopt the resolution if all senators are present. The "wets" disputed the poll, but admitted the roll call would be extremely close.

They are going to base their fight on the argument that it would be unwise to throw the states into the turmoil and confusion which forty-eight prohibition contests would mean while the nation is trying to give its united strength to winning the war with Germany.

Here are some of the herculean tasks the "drys" must overcome to make the nation-wide amendment effective.

Get sixty-four votes in the Senate if all members are present.

Get 290 votes in the House if all members are present.

Hold the twenty-five states classed as "dry."

Win eleven states now "wet."

A minority of the population of the United States could make the whole nation "dry" because the 36 smallest states have fewer people than the twelve largest. However, the "wets" have only to keep thirteen states wet for the next six years to defeat national prohibition. There is a strong belief about the Capitol, despite the secrecy of the conferees, that the Smoot whiskey commandeering amendment will be thrown out of the food bill as unconstitutional, or that it will be considerably modified. If the "drys" can get enough support to adopt the amendment, most of them will be satisfied to lose the Smoot amendment.

Work on the food control bill was continued today by the conference committee while both Senate and House were in recess awaiting the conferees' report. An agreement may be reached by tonight, according to some conferees, most of whom, however, content themselves with the prediction that there would be prompt action.

An over-night development which gave hope of having the bill perfected and in President Wilson's hands next week was the action of House Republicans, meeting informally, in agreeing to abandon the proposed fight led by the majority leader Mann for the creation of a joint Congressional committee on war expenditures, which is opposed by the President. The Senate, however, may yet fight for its proposal. The conferees are pledged not to discuss deliberations, but it is believed that they still were considering today the proposals for a war expenditures committee and for a food control board of three members, the principal points in dispute.

MURDER MYSTERY
DERRY, Pa., July 27.—A murder mystery of unusual phases confronted the police today in the killing of Mrs. S. P. Boyer, wife of a local physician, by E. R. Goodwin, a Pittsburgh insurance agent, last night. Goodwin killed himself after slaying Mrs. Boyer.

The insurance man appeared at the Boyer home late yesterday. He was an old-time friend of Mrs. Boyer and was invited to remain for supper. Dr. Boyer was called away to attend a patient, and on his return from the call found the couple dead.

The police today were without any motive for the crime. But they believe Goodwin may have been insane.

"GAS" BY TICKET
OKLAHOMA CITY, Okla., July 27.—Purchase of gasoline on the ticket system unless consumption in this State is lessened considerably was vetoed as a possibility today by J. M. Aydelotte, chairman of the State Council of Defense. The council has been making a vigorous campaign against "joy riding" and excessive use of motor vehicles in business delivery.

CALLED TO ARMY
MANHATTAN, N. Y., July 27.—The Rev. K. R. Voris, a Congressional minister of this city, has been called by the National War Council of the Young Men's Christian Association to do work for that organization at Camp Kearney, Linda Vista, Cal. He has been granted six months' leave of absence.

AMERICAN DOGS TO DO THEIR BIT ON WEST FRONT

WASHINGTON, July 27.—The American dog is going to do his bit in the war.

Red Cross canines are in big demand on the western front. Wearing gas-masks, they go out between the trenches and locate unconscious, wounded men in piles of dead.

The Red Cross establishment which will care for American wounded when the National Army starts real work, would be incomplete without its quota of dogs. Plans are under way to have Uncle Sam's bow-boys take their places on the fighting line beside those of France and Great Britain, some of which have actually received decorations for their work under fire.

Several months of training is necessary before the dogs are ready for service. They must be taught to range the shell-swept areas of No-Man's Land, hunting the wounded whom the busy stretcher-bearers could not find at first glance distinguish from the dead. When an unconscious man is located, the dog is trained to carry his "tin-hat" or the shrapnel helmet to the stretcher-bearers, and then to lead them back to where the sufferer is lying.

Many Red Cross dogs have been produced in England. As trench warfare has rendered them a necessity, a project is under consideration to train the American "Keweenaw" somewhere in the United States and to send them over with other Red Cross units. Bluebloods are not the only ones needed. Yellow curs can do their bit for America also, if they have the spirit, and enough "dog brains."

**SWITCHMEN MAY
TIE UP RAILROADS**

CHICAGO, July 27.—Two thousand five hundred railroad switchmen employed in Chicago terminals are expected to strike at 6 o'clock tomorrow morning, according to an announcement made today by Frank Hasler of the general managers' conference committee. The railroad officials said the strike probably would tie up considerable government transportation, and explained that it resulted from demands of the Brotherhood of Railroad Trainmen for a closed shop.

The railroad managers' conference committee, in a statement, placed the burden of calling the strike on switchmen affiliated with the Brotherhood of Railroad Trainmen.

The statement lists the number of switchmen in the Chicago switching district at about 6500, of whom 2500 belong to the Brotherhood of Railroad Trainmen, about 2500 to the Switchmen's Union of America, and about 1500 either non-union or belonging to some other labor organization.

The managers' committee declared that to agree to the demands of the B. O. R. T. switchmen would establish the closed shop in favor of members of that organization and deprive the management of the power to select yardmasters and assistant yardmasters. Nineteen railways entering Chicago are affected by the demands.

The switchmen's demands the statement says were presented July 2, and after offers to submit the differences to the federal mediation and conciliation board, were rejected by the representatives of B. O. R. T. switchmen.

AUTOIST IS KILLED
SEATTLE, Wash., July 27.—Howard Durkee, aged 18, was killed, Glenn Charles, aged 20, and William Radford, aged 30, were seriously injured when the automobile in which they were riding collided with another machine on the Marysville road, nine miles north of Everett, late today. All three are residents of Seattle. Roy Dudley, the driver of the car, and Harry Charles, another passenger, as well as A. J. Samvelian, with whose car they collided, escaped practically uninjured.

**HE SHOULD WORRY!
HE SENT HIS WIFE TO
THE COUNTRY**

Let your wife go to the country if she wants to! Go ahead and eat when you like, where you like, what you like. You should worry! Home cooking, hot dogs, sauer kraut, ice cream and trips, lady fingers, pigs' feet, mince pie and pickles all look alike to your stomach. If you will take one teaspoonful of STUMEEZE after each meal you need not fear indigestion or chronic stomach trouble, this master prescription should give you prompt relief. There is nothing like STUMEEZE in all the world for stomach troubles. Get a bottle from your druggist today. Don't fool with anything else. STUMEEZE is a real, spot-touching stomach medicine.—Adv.

CAMPS CHANGED FOR GUARD UNITS

WASHINGTON, July 27.—Redistribution of certain National Guard units was announced today by the general staff on recommendation of General Mann, chief of the militia bureau. The 10th, 24th and 47th New York regiments will go to Spangsbury, S. C., for training instead of to Alexandria, La.

Two regiments of the New Mexico National Guardsmen will be sent to Hattiesburg, Miss., instead of to Linda Vista, Cal.

One regiment of South Dakota infantry and two regiments of North Dakota infantry will go to Palo Alto, Cal., instead of to Deming, N. M.

COMPLETE BOARD
WASHINGTON, July 27.—Reorganization of the shipping board and the emergency fleet corporation was completed today. Edward N. Hurley of Chicago, who succeeded William Denman on the board, was elected chairman, and John A. Donald was elected vice-chairman. President of the emergency fleet corporation was Theodore B. Brewster, board of directors of the fleet corporation elected Rear Admiral Capps, general manager, to succeed Major-General Goehals, and named other officers as follows: President of the emergency fleet corporation, Mr. Donald; treasurer, R. B. Stearns; secretary, Lester Siler, who also is secretary of the board.

FIX SEIZED SHIPS
WASHINGTON, July 27.—More than half of the interned German liners seized by the United States at the outbreak of the war are now ready to take the seas, in the service of the United States, the shipping board announced today.

The great German liner Vaterland will be ready for service within a short time. More than a million dollars has been spent in repairing the damage done to this vessel alone by her German crew before her seizure. It was necessary for her hull to be scraped by divers, since there is no drydock in the country large enough to accommodate the vessel.

BILLS ARE SCARCE
WASHINGTON, July 27.—An unusual and acute scarcity of one, two and five-dollar bills confronts the treasury department. Multiplication of the government's payroll and excessive industrial activity to fill war contracts are responsible. To meet the emergency, the treasury is restricting the allowance of small notes to banks to the number of "unfit" bills brought in for exchange. Previous custom was to let the banks have small notes in exchange for notes of larger denomination.

GOLD MOVEMENT
WASHINGTON, July 27.—In the movement of gold between the United States and foreign countries for the year which ended June 30, 1917, the United States gained \$68,524,501 in gold and lost \$14,278,768 in silver. The total movement of gold was valued at \$1,332,236,745. Gold imports were \$97,176,026 and silver imports \$2,003,552.

\$15,409,529 in gold and \$68,824 in silver was procured. Line figures were announced by the Department of Commerce.

FOR ALIEN DRAFT
WASHINGTON, July 27.—By an unanimous vote the Senate military affairs committee today decided to recommend immediate adoption of Senator Chamberlain's resolution to conscript resident aliens of military age. The measure will be reported to the Senate Monday and there is every indication that it will be adopted practically without opposition.

SHE TAKES LYSOL
LOS ANGELES, July 27.—Because her husband, Jesse Palmer, was holder of ticket 420 in the big martial lottery and, as she believed, was certain to be drafted, Mrs. Olive Palmer attempted suicide here by drinking poison.

"I'd rather die than lose my husband," said the woman as she swallowed lysol last night.

CLEW TO MURDER
SAN JOSE, July 27.—No light has been thrown on the mystery of the murder of a woman yesterday in bloodstained clothes, strands of a woman's hair and scattered pieces of a skull found by the side of an interurban car track near Cupertino, ten miles west of here.

These and two empty shotgun shells covered with blood and showing evidence of having been recently fired, found nearby, point to a ghastly crime having been committed during the night, the assailant's having removed the body in an attempt to cover up the murder.

One of the pieces of the skull was found with the present state of the chamber of a first weapons of the murder, and the body was found in the same position.

CHAPTER TO AID
VALLEJO, July 27.—The Vallejo Red Cross chapter has decided to accept the invitation of St. Vincent de Paul Society to have a booth at the coming Catholic fair, which is to be held at the high school in Florida street. Members of the chapter will be present every afternoon and evening to secure new members for the organization and it is also planned to place some of the work turned out at the headquarters on exhibition.

CLAY STREET at FIFTEENTH

EXEMPTIONS
TO BE SOUGHT
FOR SHIPMEN

In an effort to prevent a possible tie-up in shipbuilding operations of the coast as a result of the federal draft, which will take a considerable number of skilled workmen at present employed or to be employed on government work, representatives of the Moore & Scott interests are making efforts to have their eligible employees excused from military service under exemption arrangements.

More than 100 men are affected at the Oakland yards of the company and an almost equal number in San Francisco. At the Union Iron Works the number runs considerably higher, with the Bursdall and Hanlon shipbuilding companies also affected in the same manner. It is estimated that at least 6 per cent of the entire working force of shipbuilders on the coast has felt the impact of the federal draft.

The claim of exemption is being made under color of authority vested in President Wilson to grant exemption to those employed on the industries of the United States. Until the President permits such exemption to be made the various exemption boards throughout the country are powerless. With such an order in effect men employed as shipbuilders and in other operations of ship construction work will be excused from military service.

A more serious phase of the matter has developed in the East, where drastic action is being threatened by labor interests if an attempt is made by the government to enforce strict draft without federal industrial exemptions. Hint of this situation has been made manifest in a statement issued in Philadelphia by Charles S. Scott, deputy organizer of the International Brotherhood of Shipbuilders, Shipbuilders and Helpers of America, outlining the builders' position in the matter.

Scott declared that if the government failed to grant exemption to any of the shipbuilders drafted every one of the 4300 mechanics employed in completing ships on the ways along the Delaware river would be called out on a strike. Scott declared that negotiations were complete for the exemption of all workers engaged in shipbuilding trades on the Pacific coast. The organizer recently engineered the walkout at the Baldwin Locomotive Works in Philadelphia.

FAIL TO ROB TRAIN

SEYMOUR, Conn., July 27.—A daring attempt to hold up and rob a north-bound New Haven train in broad daylight was frustrated today by the arrest of two young men who fired on the train crew. The train was en route to Waterbury shortly after 9 o'clock when the pay car attached. Two bandits opened fire, shooting the fireman and engineer narrowly escaped. One of the shots going through his clothing. He opened the throttle and the train sped away. A posse of police from Ansonia and Derby rounded up the two men.

BILLY SUNDAY'S
TABERNACLE IS
NOW DANCE HALL

NEW YORK, July 27.—Oh, Billy Sunday, if you only knew! The old devil you "kicked out of New York" is executing a comeback, using some of your stuff. The Billy Sunday tabernacle at 168th street and Broadway is being turned into a palace where they'll dance the roughest fox trot and the hellish one-step. Lumber is being hauled away to the grounds for the Bronx international exposition for that use.

BATTERY E
IS MUSTERED
INTO GUARD

Battery E, with its full quota of 190 men, was last night mustered into the National Guard of California, and simultaneously given "federal recognition" when Captain Burt of the regular army inspected the command at the armory on Twenty-fourth street. According to Chief of Police Walter J. Petersen, who will be its commander, the battery will in all probability receive orders to go to the Presidio of San Francisco to be retrained and equipped within a few days.

Captain Burt was well pleased with the personnel of the new organization, particularly the unusually large percentage of big, clean-cut men who have enlisted in the battery. With only a few evenings of drill the men were ready to "fall in" and maneuver for inspection like regulars. The men, formed in double ranks across the whole length of the armory, stood at a statue-like attention as Captain Burt walked down the line and carefully examined every man.

It is understood that the new battery, after going to the Presidio for uniforms and equipment, will proceed to Linda Vista, the new divisional cantonment on the bluffs just north of San Diego. Opinions among army officers differ as to the time the men are likely to be held in training there. The system of training the new men in France after a short period of training in this country will be followed is the consensus of opinion among army men.

The recruiting office of the battery in the city hall will remain open until the departure of the men for San Francisco. While the battery has its full quota, men are still needed to fill the ranks of the headquarters and supply company of the regiment. Many desirable positions are vacant in this department of the regiment.

THREE ARE SHOT

REDDING, July 27.—Three men got bullets in their legs, one of them an innocent bystander by the name of Joe Forester, when Richard Johnston, watchman at the Ingot smelter, and Roy Moore, an automobile mechanic, employed here, took to gunning for each other on Market street, because Johnston accused Moore of being intimate with his wife in this city.

CLAREMONT
EXPLOSION
IS PROBED

Whether or not the explosion that injured three men last night and caused the destruction of the grinding plant of the Butters aluminum dust factory was accidental or the result of a plot is being determined today by investigators of the police and of the fire departments. There prevails a belief that the machinery was tampered with by I. W. W. interests in revenge for the discharge of five men said to be members of that organization. Arthur Gowen, secretary to Charles Butters, owner of the plant, said that five workers, suspected of I. W. W. tendencies, had been discharged last Monday. He believes that they might have returned and attempted to cause destruction of the plant, but accomplished only partial success. The shock was felt in Oakland, Berkeley and Alameda.

Three workmen, who were badly burned when the plant's grinding house exploded, are recovering this morning at the Emergency hospital, where attendants say the year out of danger. The men are: Joseph M. Brown, 619 Twenty-third street; John G. Bates, 543 William street, and Charles E. School street. All were burned severely about the head, face and body.

The explosion occurred last night shortly after 10 o'clock, while the night shift was in the midst of its activities. Three men, working in the grinding house, where the machinery was blown up, were hurled twenty-five feet into a creek. They were badly burned and suffered from the impact and shock. A fire resulted and the fire department, led by Chief Whitehead, responded. From 10:20 o'clock until early morning the chief and part of his force stayed at the Butters plant, awaiting another breaking out of the blaze which had been originally extinguished without heavy effort.

In discussing the explosion Superintendent Gowen said: "I am convinced that the explosion was the work of five men, possibly members of the I. W. W., whom I was forced to discharge last Tuesday. They had been hired through an employment agency, and they were trouble-makers from the day they entered the plant. They were trying to stir up dissatisfaction among the other men, and I had to let them go. When they departed they used threatening language."

"This is the fourth explosion that has occurred while I have been here, and it was more violent and different in character from any of the others. There is no evidence that it was due to spontaneous combustion."

IDENTIFIED TWICE

SAN BERNARDINO, Cal., July 27.—The body of a well dressed man found last Tuesday near the Klamath Hills ten miles north of Ludlow on the Mojave desert was identified today at Ludlow by W. G. Osborn as that of his son-in-law, Claude F. Chapman of Chico, California, according to a statement made here tonight by Osborn, while it was reported that under that name Miss Ollie Lewis of Chandler, Arizona, who claimed ownership of an automobile, found abandoned some distance from the body. Identified the dead man as Emil Cecil Scott of Chicago.
County officials indicated they were convinced the body was that of Chapman but issued instructions tonight that Miss Lewis be brought here to aid in clearing up the mystery.

PLANS BUILDINGS

LOS ALTOS, July 27.—Extensive building operations will be under way in this town within a month under the direction of F. J. Costello, a well known San Francisco promoter. Considerable land has been purchased. Plans are being prepared for several residences on the tract under the direction of W. L. Higgins, a Santa Clara architect. Plans for construction will close on August 1. It is understood that as soon as the dwellings are constructed they will be placed on the market. The average cost of each house, it is said, will be approximately \$100,000 and will be the chateau or bungalow style.

LISTS AWAITED

FAIRFIELD, July 27.—The master lists of the selective draft drawing are expected to arrive here on Monday. So-lano's official draft registration was 3364, and as a result but 256 young men will be drafted from the whole district. In all 712 eligible men report here for physical examination. All young men of the county who were drafted after the 3364 numbers were drawn are thus excluded from the call for the new national army.

WOULD WING HIM

VENICE, July 27.—Two hours regularly each day pretty Lucille Smith shoots at targets within the Venice city limits by police permission so that if an intruder who spoiled her prize war garden reappears she can "wing" him and call the police.
"I wouldn't want to hurt him badly," said Miss Smith, "shouldn't get 'twenty-two,' but if I get my eyes on him just once I'll bet he won't come back."

TAFT & PENNOYER

COMPANY

Headquarters for School Apparel

School begins Monday, so you'll want to outfit the children with new apparel. Below we suggest a few of the many needfuls to be found at Taft's.

The Nation's Welfare

Every woman should do her duty by raising a strong, vigorous and healthy generation. Therefore, generous, women awaiting childbirth have used the safe, effective preparation "Mother's Friend" for many years. This medicine softens the cervix, draws down the pelvic organs, stretches the muscles expanded with ease when baby is born and the inflammation of the pelvic glands and other sources of trouble are smoothed. The tendency to morning sickness or nausea is avoided and this makes for the future health and nature of the child. Write to The Bradfield Regulator Co., Dept. F, 47 Lamar Building, Atlanta, Ga., for their book, "Motherhood and the Baby." It is free to all women. Get this book. Write to the Bradfield Regulator Co. of others of the same kind. Surgeons today and do not neglect to apply it night and morning.

PROMINENT BANKER FORFEITS FIFTY DOLLARS

After Depositing That Sum
a Leading Valley Banker
Willingly Loses It for
Something Better.

One of the prominent bankers of the San Joaquin Valley dropped in the Eilers closing-out sale just to look to find out something about comparative piano values. He had just left the Eilers store and was looking for a \$50 deposit and expected to pay \$50 more the next day for a player piano. He had done ordinarily well in his business, but the war had ruined his Company, where they are rushing the closing-out of the war surplus of pianos, uprights and player pianos. So as to leave nothing undone in liquidating the business, the Eilers stock they are accepting \$5 deposits to secure any piano or player piano and the Eilers store is open every day of the time in which to pay the balance. They are also accepting \$5 deposits at the Eilers store as well as in their beautiful Oakland establishment at 1448 San

'MEDDLESOME DOC' IS BENEFACTOR

LONDON, July 27.—There's an English surgeon named Carter who is always making trouble for himself. Some years ago he was professor of Materia Medica, Pharmacy and Morbid Anatomy, as well as curator of the museum at Grant Medical College, Bombay. Walking down the street one day, carrying all this title, he met a native suffering from a rare leg ailment, one that meant amputation at an early date, and danger to the patient's life. He explained the situation to the native and offered him five rupees for the privilege of performing the amputation that afternoon. The native grabbed at the largess and his life was saved. But the next morning Carter was awakened by a commotion of halt, maimed and blind native outside his house, all clamoring for the opportunity to earn five rupees.

The dispatch of Indian troops to Mesopotamia resulted in the appearance there of Major Robert M. Carter, Indian Medical Service. Very soon he was in trouble with the D. A. and Q. M. G. for insisting, long after his insistence had been frowned upon, that medical conditions must be made better.

"I threatened to put him under arrest and said I would get his hospital ship taken from him for a meddlesome, interfering faddist." This is the language attributed to the D. A. and Q. M. G. in the report of the Royal Commission on the Mesopotamia mess.

The incident might have ended just this way, but for the fact that by the time he had got this official into this frame of mind, the noise had reached Sir John Nixon, commander-in-chief, who caused an investigation to be made. The result was that steps were then

VETERAN M. P.'S TO DON GLOVES IN HOUSE WAR

LONDON, July 27.—Because Major Archer Shee didn't like the way Pemberton Billing called certain army officers liars right out in the House of Commons, and reinforced his dislike with blows when the venerable M. P. met in the palace yard Wednesday, Billing yesterday challenged the major to meet him in a twenty-round battle at the National Sporting Club, under Marquis of Queensberry rules.

Police made necessary the formal challenge, which revives a parliamentary custom that has been dead for more than a century, by interrupting the indecisive combat in the palace yard.

Police, however, the referee, has agreed to see that the M. P.'s fight square and aboveboard, and London sporting men are delightedly betting on the battle, with Shee the favorite. Proceeds of the prize fight will be given to the Red Cross.

Major Shee and Billing have been real angry with each other for some time, as a result of conflicting ideas about the air service.

taken to remedy as far as possible the consequences of the terrible earlier neglect.

And out of the whole sad story of the first Mesopotamia campaign, as made public by the Royal Commission's findings, about the only paragraph of commendation is that given to the work of the meddlesome doctor.

GIRL STATION AGT. NOW IS REALTY

The girl station agent has arrived. The first graduate from the feminine class in railroad training conducted by the Southern Pacific Company in San Francisco received her diploma yesterday. She is Miss Maud Lillian Ferguson of San Francisco who, after two and one-half months of "intensive" study has qualified for a position as a station agent. She has been assigned to the Stockton division. She had enjoyed some experience as telegrapher before entering the school which accounts for the confidence with which she graduated. The course usually takes close to six months. Eleven other young women are studying hard to qualify for similar positions, and it is expected that more will be taken on shortly. The girls are given an expense allowance of thirty dollars a month during tuition.

"I am sure I am going to like the work," said Miss Ferguson. "I think that women are well qualified for positions as station agents."

Miss Ferguson will not have to handle baggage or heavy freight, but otherwise she will attend to all the duties of a railroad agent.

GIRL SHOOTSELF

LOS ANGELES, July 27.—Lizzie Carlisle, 9-year-old daughter of Mr. and Mrs. Thomas Carlisle of this city, lies at the point of death from a self-inflicted bullet wound. She had been threatened with punishment by her father for breaking a water jug, according to reports, and last night took a revolver, crawled under a wagon and shot herself through the right breast.

Bread.
Coffee, Jelly, with Cream.

USING CORN IN PLACE OF MACARONI

Corn may be used with cheese in place of macaroni, specialists of the United States department of agriculture point out, for the preparation of a delicious and nutritive combination dish. The following recipe has been worked out by the department specialists:

One cup of corn (coarsely ground or cracked corn).
One quart of water.
One and one-fourth teaspoons salt.
Boil the corn in the salted water until tender. Drain and combine with the following sauce:

One cup swim milk.
One cup finely cut cheese.
Two tablespoons flour.
One teaspoon mustard, paprika or other seasoning.
Mix the seasonings with the dry flour. Add enough milk to form into a smooth paste. Add the remainder of the milk and heat in a stewpan, stirring constantly until thick. Add the cheese and stir until it is thoroughly melted.

Put a layer of the boiled corn in a baking dish or casserole. Add a layer of sauce, and so on, alternately until the material is all used.

CHOCOLATE ICE CREAM

One and one-half cups milk, five tablespoons sugar, two and one-half tablespoons flour, one-half teaspoon salt, one-half teaspoon vanilla, one-half square chocolate, one-half cup thin cream.

Mix sugar, salt and flour, and slowly add one-half cup cold milk, stirring constantly so that there are no lumps. Add remainder of milk, scalded, and cook this mixture over hot water for about fifteen minutes, until it thickens. Melt chocolate over hot water and add to thickened milk. Cool. Add vanilla and thin cream.

SPAGHETTI AND CHEESE

One cup spaghetti, two quarts boiling water, one tablespoon salt, one-eighth pound cheese, two-thirds cup milk, three tablespoons fat, three tablespoons flour, one cup water.

Cook spaghetti in boiling water until tender. Drain. Melt fat, add flour and cook for three minutes. Add milk and one cup water, and cook until thickened. Season with salt and pepper. In a greased baking dish arrange alternate layers of cooked spaghetti and white sauce. Sprinkle with grated cheese. Bake in moderate oven.

SAVES JELLY MATERIAL

When making jelly beware of "the thief in the jelly bag." Clear jelly, of course, requires that the fruit shall not be pressed while draining, and this means that much substance and flavor remains in the pulp, which is ordinarily wasted.

Put the pulp through a colander, either with or without a small amount of juice from fresh fruit; add sugar and cook down into marmalade. Add sugar. To keep your jelly from molding, sprinkle over it a little powdered sugar and it will keep for years.

LEMON RAISIN PIE

One cup chopped raisins, juice and grated rind of one lemon, one cup cold water, one teaspoon flour, one cup sugar.

Chamberlain's Colic and Diarrhoea Remedy.

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed. For sale by Osgood Bros. Drug Stores.—Advertisement.

G. A. R. MEN ARE GIVEN EXTRA LEAVE

SAN FRANCISCO, July 27.—All veterans of the Civil war, among whom there are many residing in the bay cities, who are employed by the federal government, will be given an additional leave to permit their attending the annual encampment at Boston through an executive order issued by President Wilson today.

The order, which is signed by the president in person, provides that all G. A. R. veterans employed in the government service shall be allowed an addition to their annual leave a vacation on full pay between August 29 and 27 when the annual meeting occurs in Boston and shall have the further time necessary to travel to and from the encampment.

There are six veterans employed in the post office in San Francisco and a number in the postoffice in Oakland and the neighboring cities.

STUDY SHELL SHOCK

BALTIMORE, July 27.—According to Dr. Thomas W. Salmon, the new specialist of New York, who has just returned from Europe, where he made a study of "shell shock" the strongest army in the field, will be that which looks after the mental condition of its men.

Two tablespoons butter, stir together lightly and bake with cover.

Pie crust for one pie—five tablespoons flour, three tablespoons water, one and one-half tablespoons lard, pinch salt.

With Fingers! Corns Lift Off

Doesn't hurt a bit to lift any corn or callus right off. Try it!

For a few cents you can get a small bottle of the magic drug freezone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn or callus and instantly all soreness disappears and shortly you will find the corn or callus so loose that you lift it off with the fingers.

Just think! Not one bit of pain before applying freezone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns or corns between the toes, also hardened calluses on bottom of feet, shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on the dresser and never let a corn or callus ache twice.

'PREPARE'! — T. R. COCCHI NOT AIDED

PITTSBURGH, July 27.—Prepare for the next national emergency by introducing the principle of obligatory, universal military training for young men in time of peace and universal service in time of war for every man and woman in the country, was the admonition delivered by Theodore Roosevelt in an address here before the Loyal Order of Moose.

GIRL IS WORKER

HELENA, Mont., July 27.—Unable to get men, a farmer near here has hired a 16-year-old girl at \$2 per day as a field hand. She has "made good" with the plow and is the best worker he ever had, her employer says.

COCCHI NOT AIDED

BOLOGNA, July 27.—An official transcript of the interrogation in the Alfredo Cocchi murder case has been made public. Cocchi swears he was not helped by New York police, and says he confessed solely to Father Morretto, manager of the Saint Rafael Society for Italian immigrants at New York. He declares he killed Ruth Cruger with a stick because she refused to cease calling for help. He did not assault the girl before or after he struck her. The slayer says he would not have killed the girl had she promised not to tell of the attack. He denies charges of his association with police for unlawful purposes, or that he had an accomplice in the murder.
